

Honoring Our Elders & Youth Gathering

Reclaiming, Restoring and Preserving Native Relationships

Join us to learn how the **resilience** and **strength** of past generations inspire today's youth to overcome challenges and achieve more (including a discussion on saving our Sacred Sites, land, air and water). The California Truth & Healing Council and The Governor's Office of Tribal Affairs will also be there to hear from the community about the history of the region and recommendations on how to meaningfully address historical trauma and ongoing issues caused by California's early actions.
