Section 184 Native American Loan Workshop

We hosted our Section 184 Native American Loan Program Workshop this past month at the Turquoise Community Building and the turnout was fantastic!

Over 40 community members attended to learn about pathways to homeownership, loan qualifications, and steps to securing a mortgage with the support of HUD.

A special thank you to our guest presenters and to everyone who helped make this event a success. We're committed to continuing these educational efforts for our community!

Stay Tuned for other upcoming events!
